

Dear NC Cheese Supporter:

In 2014, North Carolina cheesemakers, cheesemongers, and cheese enthusiasts joined together to garner more attention for artisan cheesemaking in North Carolina through the creation of the statewide NC Cheese Trail.

The NC Cheese Trail is a non-profit membership organization, primarily of cheesemakers with affiliate membership open to individual cheese enthusiasts and businesses that sell, distribute, market or otherwise support North Carolina cheese. Cooperative marketing efforts like these have proven successful in increasing awareness of, and appreciation for, locally made cheese – with the likelihood of increased sales for those involved.
